Business Development Manager – Software Sales

Description

Are you passionate about driving business growth in the software industry? Do you have a knack for developing strong relationships and a proven track record in software sales? Invoay Software is looking for an experienced and results-oriented Business Development Manager to expand our reach in Billing, POS, and CRM software solutions.

Responsibilities

🔗 **Drive Sales Growth:** Develop and execute strategic sales plans to promote Invoay's Billing, POS, and CRM software solutions, aiming to meet and exceed revenue targets.

🔗 **Market Expansion:** Identify and target new business opportunities across diverse industries, focusing on retail, hospitality, and service sectors.

🔗 **Client Relationship Management:** Build and nurture long-term relationships with key clients, ensuring high levels of customer satisfaction and retention.

🔗 **Lead Generation:** Generate and qualify leads, leveraging various channels to expand the client base.

🔗 **Product Demonstration:** Present and demonstrate the capabilities and benefits of our software solutions to potential clients, tailoring the presentation to their specific needs.

🔗 **Collaborative Strategy:** Work closely with the marketing and product development teams to align strategies and ensure that client feedback is incorporated into the product roadmap.

🔗 **Sales Reporting:** Regularly update and maintain sales reports, forecasts, and customer activity records for management review.

Requirements:

🔗 **Experience:** Proven experience in software sales, particularly in Billing, POS, and CRM software, with a strong track record of meeting or exceeding sales targets.

🔗 **Sales Skills:** Excellent sales, negotiation, and presentation skills, with the ability to engage with clients at all levels.

🔗 **Industry Knowledge:** Deep understanding of the retail, hospitality, or service industries and their software needs.

🔗 **Communication:** Strong verbal and written communication skills, with the ability to convey complex software solutions in a clear and compelling manner.

🔗 **Education:** Bachelor's degree in business, marketing, or a related field (MBA
